## Bukti Submit Artikel

The screenshot shows an email from Dr. Anastasia Sri Maryatni. The email content is as follows:

Dear **Dr. Anastasia Sri Maryatni**,

Warm greetings from the whole team of "Archives of Obstetrics, Gynecology and Reproductive Medicine".

Hope you and your family are safe and healthy during this pandemic.

We are very glad to announce that submissions are now being accepted for our successfully running forthcoming Issue of our peer reviewed, open access, online *Archives of Obstetrics, Gynecology and Reproductive Medicine (AOGRM)*

Moreover, we have gone through your research profile. We have cited your "Article" entitled with "**THE INFLUENCE OF NUTRITION AS A PART OF ERGONOMIC RECOMMENDATIONS ON WORK PRODUCTIVITY EMPLOYEES**" recently which was informative and impressive.

I discussed it with our review & Editorial Board who suggested me to invite you to write a similar Research /Review/Case Report or a new article to be published in our journal for the upcoming issue as we are in shortage of few articles for successful release of Volume 4 Issue 2.

I am most sure that the editorial piece coming from eminent people like you will be most informative to the upcoming researchers.

If your time does not allow you to submit any type of above articles we humbly request, you to send us a **2-page Opinion/Short Communication/ Mini Review** on the topic of your field interest.

You may submit your paper by e-mail at [sara.richards@scitcentral.org](mailto:sara.richards@scitcentral.org) or [submissions@scitcentral.com](mailto:submissions@scitcentral.com)

**The deadline for the submission of your article is September 25<sup>th</sup>, 2021.**

Thank you for your time and consideration in this matter.
